## FROM THE COMMANDANT

**Greetings from the  
great Halls of  
Learning, Starfleet  
Academy!**

### FROM THE CENTER SEAT

The Academy has been deep in the required changes to our college logos mandated by command. The requirement that we may no longer use the Warp Delta and other things which are now copyrighted by CBS and their ownership of the Star Trek Franchise. We are trying to be as creative in the replacement of many of the existing logos.

In line with this we are doing a review of the resources and references used by directors for the courses we present. In the environment we live in we have to be extremely observant of the copyrights of people who place material on the internet. In order to do this we had added one new step to the creation process for new courses. We now have a person reviewing the references, and we ask that people who are planning to create courses take the time to send the references being used to the CDC coordinator before you begin sending out the courses to beta testing so the used references can be checked. We used to consider that if we named the source and the person (s) who were responsible for the material it would be enough, we have found that no longer is the case, and no longer meets the requirements. Even those people who use Wikipedia as their source may find that the material is still copyrighted and may be restricted.

The courses in the Institute of Medical Arts are meeting the required points and if you are interested in medicine, the College of Medicine is completely open, the College of Human Anatomy is rapidly completing the opening of all the courses. The college of Cancer studies, and the College of Space medicine are starting the process. The other colleges in that Institute are open all the way or very nearly there.

## Greetings from the great Halls of Learning, Starfleet Academy!

### FROM THE CENTER SEAT (continued)

Coming in the near future we will begin the reopening of the College of Law, which is not only updated but expanded to help you understanding more about the law. We are also expanding the Institute of Alternate Medicine with an offering of material you may not have thought of before.

If there is someone who wants to write courses we ask that you review the extensive list of subjects that already exist before beginning the process. The Academy does not like to disappoint anyone's chance to create something new, but we also find that many of the subjects have already been addressed and your material may be a better fit into a college where your material will help expand the offerings.

We also apply a method to make the selection of courses easier to go through. Colleges that have very limited or near no requests we examine the material and see if there is a reason why it is not doing well, first to help the colleges improve, and if that seems after a set period, still shows no interest we consult with the director and may close those inactive courses.

We must remember that all things be given a fair chance to draw students and expand, but we have a catalog that is now over 59 pages of courses to look through and we want to keep things interesting.

I have found people discovering some courses which have not been getting much action recently all for the good. And the number of people receiving Boothby Awards, who have not had them before, make me glad to know the number of new students that are discovering the Academy.

I hope the upcoming summer will continue to see the students taking advantage of all we have to offer.

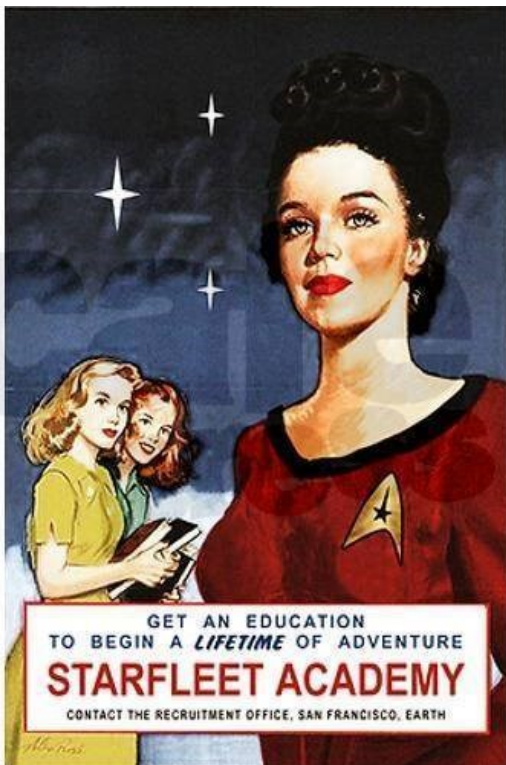

# ACADEMY INFORMATION

## ACADEMY INFORMATION

Further information about the Academy, its staff and faculty, courses offered, and scholarships will be found at the following website:

<http://main.sfiacademy.org/>

## SO YOU WANT TO BE A DIRECTOR

Basic requirements are: Be at least 18 years of age and have taken OTS and OCC. Cadets at least 14 years of age may serve with an adult mentor.

To assume a vacancy, you must pass all of the exams in the College, or if a College of 35 to 60 exams, 75% of the exams. Colleges over 60 exams are tested out at 50%, with a maximum of 50 exams required.

Assistant Directors must meet the same requirements as the Director.

To direct a College of your own creation, first check the College Catalogue to make certain your idea is not already being used.

If the concept is not being used elsewhere, submit a College outline, exam, and key to the Course Development Contact Jill Rayburn at: [jazdansfa@gmail.com](mailto:jazdansfa@gmail.com)

She will determine where your College fits within the Academy structure and introduce you to your Dean, who will lead you through the approval process.

## SNIPPETS

For those of you who don't know.....**CHARMED** is getting a reboot!

The CW says the feminist reboot will take place in a college town, and just like the original show, which ran on the same network for eight seasons, will revolve around three sisters who happen to be witches—though it hasn't been confirmed whether they'll also be Halliwells.

The CW released an extended look at the new show during the 2018 Up-fronts, and we got our first taste of the new sisters, who are dealing with quite a lot of mystery in their lives. We see two young women grieving the death of their mom, when another young woman arrives, claiming she's their sister. To make matters even more complicated, a stranger tells them that they're witches and that he's their advisor. Dramatic!

The show will star Madeleine Mantock, Melonie Diaz, Sarah Jeffrey, Rupert Evans, and Ser'Darius Blain.

After much anticipation, we have a premiere date: The first episode will air Sunday, October 14 at 9 P.M.

## FROM THE EDITOR

Dear Students:

I have to apologize for the lateness of this issue, but real life is ....well, you know what real life is.

Since this is a "catch up" issue for the 1st and 2nd Quarter of 2018 it will only have essential information for you. Look for our next "catch up" issue for the 3rd and 4th Quarters.

I'm thinking that this newsletter will not be only for Star Trek, but all SF as well. You may also see things that aren't either.

That being said.....It's good to be back as your editor and hope you will enjoy future editions.

Till next quarter.....have fun learning and **tell your friends about us!!!**

Best Wishes,  
Rear Admiral Cher Schleigh
